VERACROSS TRANSITION UPDATE

Idyllwild Arts Academy is transitioning to **Veracross**, a modern, integrated school information system that will unify billing, academic records, schedules, and communication into one secure platform. By consolidating multiple systems into a single portal, families will experience clearer communication, improved accuracy, and more streamlined access to important information.

STUDENT BILLING – 2026–27 SCHOOL YEAR

- Student billing for the **2026–27 school year** will launch in **early March 2026**.
- Parents/guardians will receive an email with instructions to:
  - Access their Veracross account
  - View their student's tuition account(s)
  - Set up Auto Pay
  - Make one-time payments
- At launch, families will be able to **access tuition and billing information only**, not student academic information.

2025–26 TUITION PAYMENTS

- Payments for the current **2025–26 school year** will continue through **Tuition Management (Blackbaud).**
- Tuition Management will remain accessible through **June 30, 2026.**
- Any remaining balances (if applicable) will transfer into Veracross after June 30.

LEARNING MANAGEMENT & GRADING

Beginning with the **2026–27 school year:**
- We will use Google Classroom as our Learning Management System.
- Google Classroom will be integrated with Veracross.
- All grading will be completed in Veracross, providing a centralized grade reporting system.
- Families will view grades directly in the Veracross Parent Portal.

For the **2025–26 school year:**
- Grades will be finalized in Blackbaud.
- Final grades will be accessible in Veracross once portals are live.

PARENT & STUDENT PORTALS

Parent and Student Portals in Veracross will be available in **early summer 2026.**

At that time, families will be able to:
- View/update student account information
- View/update parent account information
- Access class schedules
- See finalized grades
- Review enrollment and academic records

All **2026–27 class schedules** will be available in Veracross.

IMPORTANT TRANSITION DATE

Blackbaud and Tuition Management will no longer be accessible after June 30, 2026.
All systems and information will transition fully to Veracross at that time.

We appreciate your patience and partnership as we implement this important system upgrade. Additional instructions will be shared as each phase goes live.
